The table I ordered just arrived and one of the legs is broken. What's your refund policy for damaged items?

1m

Hi there. I'm really sorry your order arrived damaged. If you return the item within 30 days of delivery, we'll issue a full refund to your original payment method.

Apology for the inconvenience, we'll also send you a \$50 account voucher for your next purchase.

Seen · 1m

so much I'll return the table by the end of the week

check:

- Check if your SSO certificate has recently expired or been renewed
- Verify the Entity ID and ACS URL still match your SSO settings
- Check for any recent changes in your identity provider configuration

If none of these resolve it, your team can use their backup email and password to access their accounts while we investigate.

Daniel from Customer Service

Hi Tom, thanks for your patience! I've reviewed the details Fin shared. Once you return the item, we'll issue a full refund within 5 business days.

A seamless experience for customers and agents

A single solution means Fin and your human team work from the same customer record, so handoffs have full context, no one switches between tools, and every customer gets a consistent, seamless experience.

Edit article

Understanding your monthly invoice

If you're on a monthly subscription, you'll receive an invoice at the start of each billing cycle.

Your invoice includes:

- Your core subscription plan for the upcoming month
- Any seats or add-ons currently active
- Usage-based charges from the previous billing period

Prorations

If you upgrade, downgrade, or change seats during your billing cycle, you'll see prorated charges on your next invoice. You're only charged for the exact number of days each plan or seat was active.

Usage-based charges

Usage-based charges reflect activity from the previous billing period. For example, if you exceeded your included limits last month, those charges will appear on your current invoice.

< 1 of 5 > 3d

Add a clear explanation of prorated billing to help Fin these queries.
